

Welcome to Altura Studio.

When we designed our wedding collections, we began by dreaming up just what we would want for our own wedding. For that reason each includes a detailed planning session, an online gallery, and your edited high resolution files. And since we always shoot as a team each of our collections reflects our dual perspectives.

We believe that you should know, from start to finish, what your wedding photography will cost. We dislike games with add-ons and hold-backs. Our pricing is designed so that you can decide what services or products are exactly right for you.

We believe in treating others exactly how we'd want to be, and that a little extra care can go a long way. If this sounds like what you're looking for in a wedding photographer, schedule your personal consultation. We would love to meet you.
